To the extent of any subsequent payment by, or collection from the defaulting municipality, the non-defaulting municipalities shall each be reimbursed on a proportionate basis for all amounts so paid on behalf of the defaulting municipality together with interest at the aforesaid rate, providing that the total amount so reimbursed shall not exceed amounts actually collected from the defaulting municipality.

7. Limitations and Appropriations.

Actions or resolutions of the Board of Directors for an annual appropriation in any year shall not cease to be operative at the end of the fiscal year for which they were adopted except as otherwise provided by the laws of the State of Maine. Appropriations made by the Board of Directors for various estimates of the budget as defined in this Article shall be expended only for such estimates, but by a majority vote of the Board of Directors the budget may be amended from time to time to transfer funds between and among such estimates, except as otherwise limited herein. Any balance left or unexpended in any such budget estimate at the end of the fiscal year may be returned to the general fund of the District to be applied to next year's budget or transferred to a reserve fund account. The amount of any deficit at the end of the fiscal year shall be included in and paid out of the operating budget and appropriations in the next fiscal year.

8. Capital Expenditures.

A two-thirds majority of all Directors present must approve any capital expenditure over \$10,000.

9. Reserve Fund.

The Board of Directors may establish a credit reserve fund by authorizing the transfer of unencumbered surplus funds, to be applied in periods of financial shortfall to assist in continuing normal operations without increasing monthly charges.
